Set Blood Quota For Morrisville

A quota of 150 pints of blood has been set for the Morrisville Red Cross district blood donor; day, the Rev. William T. Warren, Jr., chairman of the blood donor committee, has announced.

The Red Cross mobile unit will be at the parish house of the Episcopal Church of the Incarnation on Tuesday, Dec. 1, from 2 until 8 p. m.

The blood will be used chiefly for civilian purposes. Mr. Warren said. A donation from one member of a family insures the entire family for a year, he declared.

"We will not turn down any requests for blood if blood is available," Rev. Warren said. "However, if there is insufficient blood available to fill all requests, then the Red Cross would be forced to aid the insured families first."

Bankers in Area Weigh Appeal On Branch Approval

Board's Decision In Upper Darby Case 'A Surprise'

Area bankers may appeal the State Banking Board's approval of the application of the Western Saving Fund Society of Philadelphia to set up a branch office in Upper Darby, Delaware County, a bankers' representative said today.

John C. Johnson, cashier of the Farmers National Bank of Bucks County, said there was a "possibility of appeal, but whether banks will do that I am not certain."

Johnson represented the Bucks County Bankers Association at the State Banking Board hearing Friday in Harrisburg. He also represented Group 2 of the Pennsylvania Bankers' Association comprising Berks, Bucks, Chester, Delaware, Montgomery and Schuylkill Counties.

Surprised at Action

While granting the Western Saving Fund Society application, the State Banking Board turned down a Philadelphia Saving Fund Society request to open a branch in Jenkintown.

Johnson expressed surprise at the board's action. He said he would have guessed the Board would turn down the Western Saving Fund Society application because "banking competition is already heavy in Upper Darby."

In presenting a protest resolution to the State Banking Board, area bankers cited a state law which provides that additional branch banks may not be organized and operated in areas where adequate banking facilities exist, Johnson said. Johnson presented the resolution to the Board.

Reasons to Given

State Banking Secretary L. Merle Campbell, in announcing the State Banking Board decision, said reasons for the Board's action will "probably be available the latter part of this week from the State Department."

Campbell said it was unusual for the board's decision to be announced before the State Department reviewed the matter, but "we decided to do so because of the unusual interest in the cases."

Johnson said area bankers would prefer that the State Banking Board withhold decisions on cross-county branch banking until other legislation could be studied and adopted.

"Law Seems Outdated"

The present branch banking law seems "outmoded," Johnson said. "The fact that it allows wholesale crossing of county lines shows that there should be stronger legislation."

The U. S. Comptroller of the Currency recently sanctioned a merger of the Philadelphia National Bank with the First National Bank of Conshohocken, which is now a branch. Johnson said merger of the Fidelity Philadelphia Trust Company with a Clifton Heights bank was also approved.

Johnson said the Fidelity Philadelphia Trust Company is planning a merger with the First National Bank of Chester, and the Philadelphia National Bank with the First National Bank of Lansdale.

Motorist Counts One Buck---Dead

Francis Keating, of Oxford Inn Motel, Langhorne, while driving on Lincoln Highway near Route 418 yesterday glanced out of the corner of his eye just in time to see a magnificent 200-pound buck deer leap from the bushes and charge his automobile. The deer struck the left door of Keating's car, spun on the highway and was killed by another automobile as it staggered on the road.

Middletown Police Chief Howard C. Shook said that before police could investigate the accident someone had stolen the deer carcass. Chief Shook said that a passerby had given police a lead on the deer thief by calling in a license number of an automobile seen near the scene.

Wiley said the Federal Communications Commission has told him it is "indeed seriously concerned with the security problems created by the more than 234,000 radio transmitters and the approximately 800,000 operators who are capable of utilizing the equipment."

R. H. Hyde, FCC chairman, informed Wiley the problem was complicated by the fact that the commission's staff is limited.

Lower Bucks County banks have been notified to be on the alert for Greenlease kidnapping bills.

An official at the Bristol Trust Co. said this morning that they have been supplied with a list of the serial numbers of the \$10 and \$20 bills comprising the \$303,720 in missing ransom money.

The bank spokesman said that they have conducted one spot check of \$10 and \$20 bills, since the list was received about two weeks ago. He said they would check bills alerted.

against the list if a strange person came into the bank with \$500 or \$700 worth of small bills and asked for larger denominations.

If one of the missing bills does turn up, then the banks are instructed to notify the nearest office of the FBI immediately.

A teller at the Morrisville Bank said that bank personnel there are conducting spot checks of bills as they come into the bank. He said it was his understanding that all banks in the country had been alerted.

Bristol High Robbed; Vandals Crack Desks

Prowlers broke into Bristol High School, smashed desk drawers, pried apart locked doors and took \$5 in cash from a Red Cross Fund during the weekend. The vandals departed leaving a trail of destruction, Bristol Borough police said today.

According to Principal David Hertzler, the prowlers entered after 10:30 Saturday night, when the building was unoccupied. Hertzler said he discovered the robbery yesterday noon when he returned to the school.

Patrolman Vincent Faragalli, now investigating the case, said apparently the prowlers gained entrance to the building by climbing a rainspout and entering through a classroom window on the garden side of the school.

Several classrooms were raided and many desks were smashed. After crashing the school office and rooting through several desks the

prowlers broke open the door to the cafeteria.

Faragalli said a fire was built in each room for light. No attempt was made to set the school ablaze, however. Ashes and other possible clues were being checked by the police in an effort to track down the offenders.

The \$5.17 stolen from the classroom of Miss Mabel Staley was Red Cross donations by children in the elementary school.

What Is It That Brings Catholics To Church By The Thousands On Sunday?

They are for the most part leisure-loving people as eager to sleep on Sundays as anyone else.

A Protestant theologian, Niebergall, gives the answer in drawing attention to the value of the Mass. "We cannot," he writes, "set too high a value on the Roman Mass as a spiritual power in the religious life."

Since the Mass, is and has always been, the heart of Catholic worship and devotion it should be interesting to know what is the explanation of its power to attract and unite in prayer generations of people.

This evening at 8 P.M. the Mass will be explained at the Catholic Information Center at the Knights of Columbus Hall one block above the Bristol Bank on Radcliffe Street.

The priest explaining the Mass will begin by putting on the Mass garments and telling briefly of their origin. Catholics and non Catholics are welcome. No one attending is obligated in any way.

WASHINGTON REPORT

By Fulton Lewis, Jr.
(Copyright, 1953,
King Features Syndicate, Inc.)

WASHINGTON, Nov. 16 — Two recent events demonstrate anew the silliness and emptiness of continued demands by certain union bosses for repeal of the Taft-Hartley Law.

One was a study by the Senate Republican Policy Committee staff of the Comparative Rights and Privileges of American Workers and their Soviet Russian counterparts. It shows that any unioner who wants to know what "slave labor" really is like should talk to an average worker, not a concentration camp prisoner.

The second event was a Bureau of Labor Statistics report on strikes and strike-readiness which showed a sharp drop for the first nine months of 1953, under Republican Administration of Taft-Hartley, as compared to the same period of 1952 under the Truman Administration.

The BLS report shows that during the first nine months of this year there were 3,975 strikes, resulting in a loss of 20,000,000 man-days of work. The comparable figure for 1952 was 4,210 strikes with a loss of 52,000,000 man-days of work.

It might be noted that of the 52,000,000 man-days lost last year, about 25,000,000 were attributable to the prolonged steel dispute. Even without that, however, the 1952 figure still was 27,000,000 lost man-days, compared with only 20,000,000 this year.

This same BLS report also showed that about 1,900,000 persons actually stayed away from work because of striking during the first nine months of 1953, whereas the comparable figure for 1952 was 2,900,000 — just 1,000,000 persons higher.

Thus there can be no doubt but that labor-management relations are improving. Also, there can be no doubt but that the real complaint of union bosses against Taft-Hartley — even though they will

Thus there can be no doubt but that labor-management relations are improving. Also, there can be no doubt but that the real complaint of union bosses against Taft-Hartley — even though they will

not admit it — is that the law tends to clip their own powers and give rank-and-file members a stronger voice in union affairs.

The GOP policy committee staff report, after an exhaustive study, reaches this more-than-justified conclusion:

"Certain elements in the American labor scene have sought to pin the label 'slave labor' on the Taft-Hartley Act, but both the act itself and experience under the act refute the charge."

"Soviet Labor Law, on the other hand, makes the Russian worker truly a captive, for it is designed not to protect the individual worker but to advance the aims of the state. The individual worker has no right under a system where the State is supreme."

The report points out that Taft-Hartley guarantees such privileges to American workers as the right to free collective bargaining, the right to strike, protection against violence and coercion, the right to present their own grievances. Soviet workers, it finds, do not enjoy a single one of the privileges.

It calls attention to the 13th Amendment of our Constitution, prohibiting slavery or involuntary servitude, and to the Taft-Hartley provision that "nothing in this act shall be construed to require an individual employee to render labor or service without his consent, nor shall anything in this act be construed to make the quitting of his labor by an individual employee an illegal act"

"By contrast," the report adds, "in Soviet Russia jobs are frozen. Workers cannot move about from job to job of their own free will. Worker and manager are under equally heavy penalties, both criminal and civil."

"Millions of Soviet children, as young as 12 years of age, are arbitrarily assigned for training at jobs selected for them by the authorities, without regard for personal preference or those of their parents or guardians"

"Under the Soviet system, labor is deprived of basic effective devices by which workers may protect themselves in a labor dispute in the capitalist world."

Taft-Hartley still is a pretty good law.

Dusting Off The News

By CHARLES O. MOLZ

Fairless Hills is going to move its post office into new quarters in the Shopping Center this week and the natural impulse for most folks will be to hurry over and shake hands with Mrs. Ottolini, the postmaster, say howdy all around and buy a few things, like an unneeded special delivery stamp or a 29-cent money order. And then they'll go on their way, shaking their heads at the lack of bargains and fretting at still having to pay a nickel for a five-cent stamp, even on opening day.

The telephone company is trying to buy a school building in Langhorne Manor as a dormitory for its women employees. Imagine the confusion with all of the girls trying to say "Hello" at once.

There actually is no reason for louting a newspaper article about a captive bulldozer, held against its will by a Bucks County garageman. But even as a child, we always thought a rhinoceros looked better sloshing its way through the jungle than grunting around in a cage.

The police, who arrested a youthful hitch hiker with two oversized packages accumulated at a market, used the right line of intuition in suspecting him of being a thief, because you don't get out with a cargo.

News of Schools

DELHAAS HIGH SCHOOL
A cooperative work program, featuring practice "on the job," was recently presented to members of the senior high. Students applying in such categories as business management, secretarial and clerical work, newswriting, educational equipment construction and teacher training must get application blanks, obtain three character references, and arrange for an interview. The students who meet the requirements will get six months of experience in the fields of their choice.

Activity letters will be awarded on Nov. 17 to students who have earned 35 points under the system started by the student council several years ago. Under this program points are awarded for every extra curricular activity in the school, including sports. James Bustraan, council president, Robert White, committee chairman, and Thomas J. Jenkins, faculty advisor, are working on the idea of presenting school sweaters to pupils who earn 100 points or more.

Ring Committee
Junior class members, eager to order their school rings, recently brought about the appointment of a ring committee. Its members include Diane Luce, Gale Poll, Kay Gottfried and Jack Matusek. Mrs. Janet Goffre and Raymond Vernon, class advisors, are working with the group.

The Delhaas showcase sported a tricky chemistry display when a group of juniors taking that course volunteered to set up the apparatus. Unique planning on the part of Mrs. Violet Sagolla's students caused the display to feature, among other things, a "chemist" made of tubes and rubber hose.

92 Sign For Trip
Ninety-two seniors have signed for the class trip to Washington, D. C., April 28, 29 and 30, 1954. The chaperones will be Walter D. Miller, regional superintendent; Miss M. Iva Foley; J. E. Sparks; Thomas J. Jenkins; Mrs. Violet Sagoll and Robert S. C. Miller, class advisers.

Members of the committee planning the trip are Joseph Klein, chairman; Kenneth Alston, Eileen Kiling, Ruth Ehrenfried, Sally Jones, Lee Polk, Joyce Curry, George Manley, Larry Katz, George Schmuck and Mary Carlin.

Seventh and eighth grade pupils wrote letters to their parents to invite them to open house and PTA meeting, as part of their English program. As a part of American Education Week, the high school welcomes visitors Thursday night.

Dame MacLeod Finds Cheer Is Scotch Export

LOS ANGELES—(INS)—The first feminine ruler of the clan MacLeod, 75-year-old Dame Flora MacLeod, made a hit in southern California when she greeted New World MacLeod's with the comment:

"Scotland is a bleak land, but it is made beautiful with Scottish laughter and it can be warmed with our very exportable national product—Scotch whiskey."

BEAUTY BECKONS
BERLIN — INS — Love laughs at traffic laws, or at least that's the explanation a Vienna man gave police after he jumped from a car to a passing trolley. "I saw a beautiful girl in the trolley," he said, "and I simply had to follow her."

It doesn't pay to be too fussy about academic questions, such as "Can Educational TV Be Successful?" — and that is the topic for the Wednesday meeting of the University Women. But, on the other hand, there is always the doubt whether the Milton Berle jokes are elementary or plain kindergarten.

Ultra-Violet Rays Used To Produce New Polio Vaccine

NEW YORK—(INS)—A new and extra-safe polio vaccine, made by exposing polio virus to a two-second blast of ultra-violet rays, has proved successful in early tests on 20 human volunteers, Chicago scientists reported today.

The program included a "movie" in color, on diamonds. Mr. Barr also spoke about diamonds.

He explained an essay contest which will be available to junior high students on the subject of, "Why I Want To Own My High School Ring." The essay is to be 200 words or less. The closing date will be December 31. During the first week of January, judges will select the winning essays.

The senior high will also have a contest on the subject of, "Why I Will Choose A Diamond For My Engagement Ring."

The prizes will be two school rings to each class, 7th through 12th, one ring to a girl and one to a boy in each class.

BUX-CHESTER-MONTGOMERY radio forum will meet in Lansdale high school November 18, at 3:30 p. m. The topic for discussion will be: "Should we have a Federal Sales Tax?"

Speakers from Bensalem and Wynnewood will defend the affirmative side, while students from Lower Moreland and Lansdale will defend the negative side.

Following the discussion, dinner will be served in the high school cafeteria.

After dinner a musical program will be presented. Attending from Bensalem are: Robert Perry, speaker; Barbara Gaugler, Patricia Tithers, Jean Russell and Barbara Schaul.

PENNSBURG SCHOOL

The fifth grade of the Fallsington Elementary School visited the United Nations on Friday as a culminating activity of the United Nations Unit carried on in class. This class under the guidance of Mrs. Emma Green made a special tour of the United Nations Building and a sight-seeing trip through the city of New York. The 35 children of the class were chaperoned by Mrs. Emma Green and seven others.

REVOCATION SUSPENSION

**Driving is NOT a right ...
You Can Be RULED OFF THE ROAD**

When you put the plates on your car and the driver's license in your wallet, you have met your state's requirements to drive. Without these, your time on the highway would be short-lived. It is the Motor Vehicle Department's way of saying, "So far as we can tell, you should be permitted to drive."

But from then on it is up to you. Respect the law and the rules of the road, drive so as not to endanger your life or the lives of others, and you may continue to drive. But—

Those licenses are not a right—they are merely *qualified permission*. They do not say you can weave over the highways intoxicated; that you can drive at dangerous speeds; or that you can commit *any* act that may endanger the public safety. You can't get away with it. Continued bad driving habits, sooner or later, will rule you off the road.

In one year 600,000 drivers had their licenses suspended or revoked—every third one for intoxication. Speeding and recklessness were also high on the list.

Remember—driving is not a right; it is a license which if abused can be withdrawn. Respect it and continue to drive—safely, sanely.

Stanback on STANBACK

Today's Quiet Moment
By Pastor Leslie E. Clenden

In the beginning — God! Have you ever noticed these opening words of your Bible? At the very start of things, the very beginning, you have God. He is inescapable, unavoidable. The writer does not attempt to prove His existence, he simply declares it, and expects all normal humans are aware of it too. But some folks say — "Seeing is believing."

While conversing with His disciples about this very subject, one of them said to Jesus, "Lord show us the Father and it sufficeth us." Jesus said, "Have I been so long time with you, and yet hast thou not known me? Philip? He that hath seen me hath seen the Father, and how sayest thou then show us the Father?"

Seeing is believing? — No friend believing is seeing. Would you know God? Then let me introduce you to the Lord Jesus Christ, for He is God. The beloved Apostle John aptly words it thus "And we know that the Son of God is come, and hath given us an understanding, that we may know him that is true, and we are in him that is true, even in his Son Jesus Christ. This is the true God, and eternal life." John 3:20.

Hear the blessed words of our Lord Jesus Christ himself, "Let not your hearts be troubled, ye believe in God, believe also in me — I am the way, the truth and the life, no man cometh unto the Father but by me." John 14:16.

Will you come today?

THE AREA'S SCHOLASTIC football program delivered a customary assortment of interesting developments over the weekend even though the form chart showed more formidability than in recent weeks.

In the most significant scrambles Bensalem's free-wheeling Owls won their way to the doorstep of a possible Lower Bucks County League championship deadlock, while their adversaries of Thanksgiving Day, the Neshaminy Redskins, perpetuated their 17-game winning streak. In neither case was the victory unexpected, but Bensalem's oh-so-easy time of it in Bristol High's play yard had handicapped rearranging their charts for the show-down.

The Owls registered their eighth win in ten starts and fifth shutout of the campaign, but even more important, they looked like a team riding the crest of its game. The fact that they had played only five days earlier against tough Delhaas apparently subtracted nothing from Bensalem's easy-flow attack.

COACH MARLEY VAN HORN'S chippies came by land and came by air. They came with such force that, at this early reading, this book has them an even bet to fracture Neshaminy's long string.

The Redskins, on the other hand, apparently had more trouble than was anticipated with an in-and-out Roversford clan. The Montgomery Countians had created anything but a whirlwind in their own circles this Fall and were looked upon as a soft touch. It took two airborne touchdowns to carry Coach Harry Frank's men to victory.

There is a suspicion here, however, that the Tribe is playing possum to some extent. It is nourished by Franks' flat refusal to fret and his already demonstrated tendency to follow the avenue of least resistance to victory and settle for victory alone. In other words, except for their debacle with Southampton, the Redskins haven't yet been sincerely pushed. When they needed touchdowns, they got them, and often let it go at that.

AN UPCOMING FRIDAY night struggle with Jenkintown, a football midget generally, should offer better index on Neshaminy's preparedness for its cold hand Nov. 26. Jenkintown is 5-1-1 for the year and operates a fair country attack featuring Eddie Watts, whose name rings the gong with anybody who's been about for the past half decade. The Wattses haven't been plaguing Gander enemies in all sports over that period.

In other weekend scuffles Delhaas took a typical light trim from Pleasantville when its secondary ignored a pass receiver, Morrisville offered staunch argument, but lost to Hamilton of Trenton, Southampton suffered its weekly hide-frying, and Pennsbury scored a one-point win over Ewing in a fray shot through with thrills.

THE LATTER GAME produced the most heart-warming episode of the LBCL weekend. Pennsbury Coach Jim Egli, whose tread-lightly demeanor is startlingly deceptive, scored a point for every coach who ever elevated discipline over desire to win in that contest.

Assisted by the tendency of some half-dozen of his starters to ignore practice sessions, Egli pared his battalion drastically on the eve of the game. He thumbed out three important backs, his and perhaps the league's finest tackle, an end and a guard. When he finished issuing pink slips, Egli was standing knee-deep in so-so upper classmen and a passel of underdone sophomores. The survivors collectively possessed only one football prerequisite—they wanted to play enough that they were willing to practice for it.

Had the Falcons fallen flat on their noses, and there was reason to suspect as late as 45:15 in the game that they were in for a beating, Egli would have earned his merit badge. The man was working with a good 5-2-1 seasonal record in his frost season head grid coach. A loss would have made it an ordinary mark.

Moreover, there has been a tendency among some area writers to question the man's efficiency. The same questions may arise in the future, but in his final 1963 contest, Jim Egli established a high standard of coaching courage and integrity for anyone who cares to review his case.

It was, then, a thing of infinite justice that the Falcons won the game, 14-13, on a 96-yard run by a substitute end after a late game pass interception. It was sort of a gift touchown that wreaked consternation in Ewing ranks, but certainly the giver could have found a more deserving recipient.

SCRANTON WINS, 27-7 SCRANTON, Pa.—(INS)—Halfback Jim Lavery racked up three touchdowns to lead the University Scranton eleven to a 27-7 victory over St. Francis College.

Tony's Headed for Trouble

Bristol High's Tony Monte (SS) appears to be free on this kickoff runback against Bensalem, Saturday, but it was only temporary. Tony was swarmed five yards downfield, despite good block being thrown by Frank Manzo (lower right) on unidentified Owl.

Skins Win 17th, Others Defeated

Lower Bucks County League footballers fared only fair in forages outside the conference Saturday.

As expected, Neshaminy's unbeaten Redskins stacked up their 17th straight victory by subduing host Roversford, 13-7, in a well-played contest. Otherwise, LBCL entries came out second best as Southampton was smothered, 46-12, by Lower Moreland, and Morrisville took a 7-0 beating from Hamilton of Trenton, despite a huge statistical edge.

The Redskins opened their scoring early on the Montgomery County gridiron and appeared in good way to uncork another of their patented routs. But after Monty Ahium sped under Dom Cameron's early-game pass for a 45-yard TD maneuver, both teams settled into scoreless combat for 20 minutes.

TWO MORE FOR AHUM

Ahium, who got two TDs in his team's important 24-20 conquest of Pennsbury on opening day and very little since, made himself a nuisance to the Eagles again in the third round when he took Ken Kaufman's eight-yarder for a second and clinching tally. Joe Morones booted the point and Neshaminy had its 17th straight win since early September, 1952.

Roversford came back for a touchdown on Ralph Beiber's long pitch to Jim Bauer, good for a 50-yard thrust in the last quarter.

Southampton's best efforts held Lower Moreland to an 18-12 half-time advantage, but the powerful Morelanders came back for 28 last half points to win going away on the LBCL team's gridiron. Tom Spolar scored on runs of 17, three and two yards to spark the winners, while Les Fradkin claimed two tallies and Bob Allman and Lou Palmer one each in the rout.

For the Greyhounds, Jim Heaton moved into the end zone on pass plays good for 33 and three yards respectively in the second period. It was the seventh loss of the year for Southampton and 25th against one win over the last three years.

Bulldogs Run Strong

Morrisville ran rampant between the 20-yard lines, rolling up 237 rushing yards to 25 for Hamilton, but failed to score in its seventh loss in ten starts.

The Hornets, 29-0 conquerors of Pennsbury last Monday, marched 43 yards for the game's lone marker late in the second period. Earle Porter's 32-yard heave to end Paul Raho was the big gainer. After Tony Marant cracked the line for seven yards and a penalty moved the oval to Morrisville's one, Porter smashed over. Harold Dyous kicked the point and the scoring was at an end.

The fired-up Bulldogs, sparked by Joe Savage, Frank Pense and Dick Dietrick, drilled to a first down on the Hamilton one near the end of the third period, but failed to score. Later they went to the foe 24, but fizzled as their passing game went sour. So complete was Morrisville's mastery that Hamilton put the ball in play only nine times over the entire second half.

IRISH, TERPS, SPARTANS LEAD INS FOOTBALL POLL

NEW YORK—(INS)—The top 10 teams in the International News Service coast-to-coast weekly survey:

- Notre Dame 7-0-0
- Maryland 9-0-0
- Michigan State 7-1-0
- UCLA 7-1-0
- Oklahoma 6-1-1
- Illinois 6-1-1
- Southern California 6-1-1
- Alabama 5-1-3
- Georgia Tech 6-2-1
- Army 6-1-1

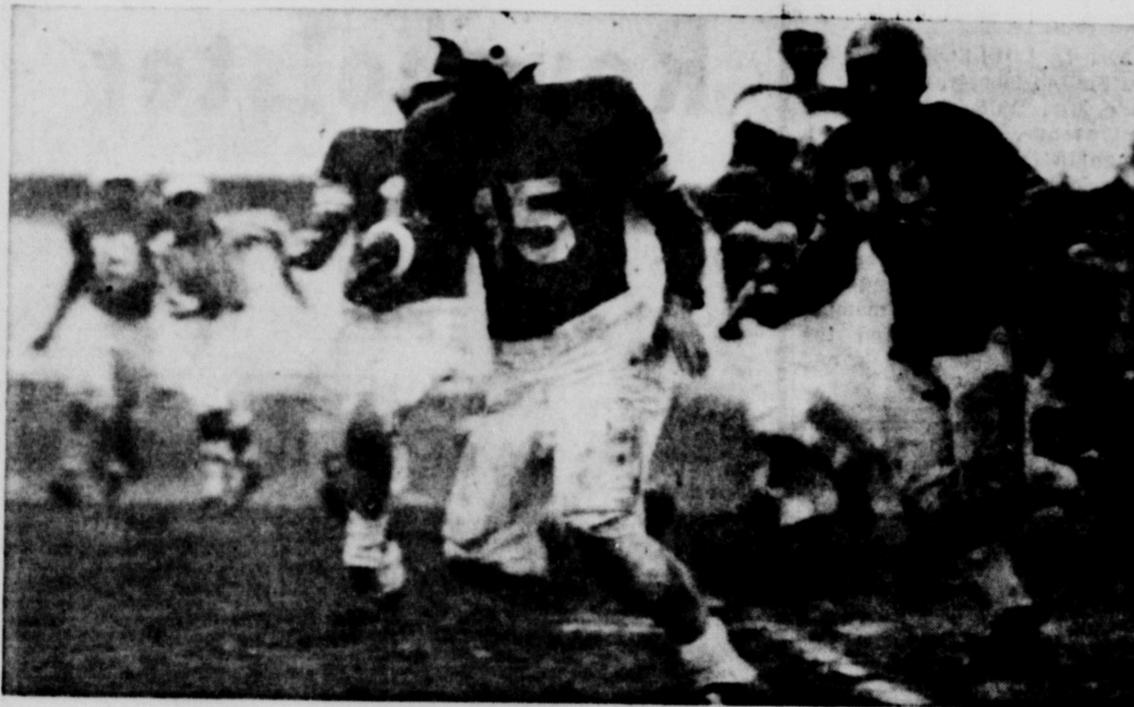

A small admission fee will be charged for the exhibition, the proceeds to help defray costs of sending players to the pre-season key camp at Beaver College.

Long and Short of It

Tallest chap on the field, six-foot-five Bob Frantz, of Bensalem, got piggy-back ride on shortest field, Bristol's five-six Larry Cohen, in this second period action during Saturday's game. Cohen was tumbled after gaining six yards on pass from Ed Conca.

Owls' Top Gainer Rambles

Charlie Sciolli (15), Bensalem's fine fullback, demonstrates his look-alive running technique in this first period, 12-yard run against Bristol, Saturday. Sciolli ran for a total of 115 yards to spark 33-0 Owl win. Coming up from behind, but too late to figure, is Bristol's Bob Rago (99).

BHS Hockey Team, Footballers To Vie

A little football, a little field hockey and some high comedy will be played tomorrow afternoon at 3 or Prist High School's hockey rink when the girls varsity team meets the school's grididers in an exhibition game.

It will be the final outing of the year for the league championship hockey eleven of Coach Barbara Yerkes, and their second exhibition struggle. They tied 2-2 with a combined team of fathers, mothers and faculty personnel last week.

Players of both teams have been endowed with stage names for their comedy production. Starters for the men, coached by "Kool Kat" DiAngelo, will be "Legs" Kopack, "Hollywood" Rago, "Hose" Nose Cohen, "Lover Harb" Harbison, "Splendid Splinter" Bloodgood, "Konkie Babe" Conca, "Surprise Attack" Nesbitt, "Pebble" Brescia, "Honey Chile" Potena, and "Tailboard" Manzo.

The girls of "Crowd Collector" Yerkes will show a lineup of "Little Miss Mighty" Crosby, "Sneaky" Lattanzi, "Goalie Scorer" Almond, "Aching Hips" Tentilucci, "Joe Palooka" Diamanti, "Out of Bounds" Rubino, "Rough and Ready" Gallone, "Pajama Kid" Hamm, "Freckles" Holden, "Lashful" Snyder and "Kick 'em Out" Massiello.

The lone touchdown was manufactured in the last quarter. With the ball on their 39 and one yard to go for a first, the Saints chose to go for the first down. Rubino fumbled the pass from center, and when trapped, passed to Sal Accardi. The latter could not get away and was dropped for a three-yard loss, giving the visitors the ball on the St. Ann's 33.

Joe Betzold was nailed for a yard loss by Frank Salarczyk. Babe DiNataro flipped a long aerial to Joe

Owls Ready for Title Try After Flattening Bristol

The so-dubbed "sleeper" of the Lower Bucks County League championship race, Bensalem Township High, is very much alive, awake and alert today and apparently thoroughly prepared for its Thanksgiving Day showdown with unbeaten Neshaminy High.

The Owls, flashing the most complete football attack the loop has developed this year, went right to the championship springboard Saturday by keelhauling Bristol High, 33-0, at Bristol. It was their eighth win in ten starts and gave them a 5-1 league book as compared to Neshaminy's 6-0. They hide their time 'twixt now and Nov. 26, while their enemies of that day spend half the time getting set for a Friday night Jenkins town scramble.

Formidable Foe

Ringsiders agreed generally that the Owls that pummeled Bristol will be a worthy foe indeed for the defending titlists. Coach Marion Vanhorn's club demonstrated a

blend of savage inside-outside running with a deadly long-short air game to score in every period.

They rolled up nearly 400 total and evenly distributed yards, while their defense, heretofore a question mark, broke exactly even with the Warriors.

The Owls' sometimes good, sometimes miserable offensive was good for 63 overland yards and 17 through the air. It gave back the same 80 lengths to swarming blue-clad defenders.

Charlie Sciolli, firebrand of the Owl attack with 115 yards on 21 carries, had to play second fiddle to Al Parker and Bob Vangant in the scoring department. Parker tallied his eighth and ninth TDs of the campaign to boost his total to 55 points for the season. Vanhorn reeled in aerials for his second and third league markers.

Bensalem's overpowering onslaught got its touchdowns like this:

In the first three minutes, after Joe Bates recovered a Bristol fumble, the winners went 24 yards in six plays. Parker's three-yard plunge made it 6-0.

2. Midway through the second period, in a 40-yard march after a short Bristol punt culminated in Parker's one-yard buck, Vickers place-kicked point for 13-0.

55-Yard Pass

3. Same quarter Owls took up two plays for 55-yard thrust. End Bob Frantz's soaring pass to speed-

ing VanSant covered 55 TD yards. Vickers did it again for a 20-0 halftime rift.

4. After a Bristol punt, Bensalem marched 46 yards to score on Harry Schurr's 15-yard fling to VanSant. Vickers missed, 26-0.

5. Last period and Owls still going, this time for 71 yards in sustained drive. A Bristol interception by Tony Monte and his fumble into Lou Bencardino's hands on the same maneuver was a slight interruption. Two Sciolli runs worth 21 yards moved to the Bristol one, whence Charlie got his deserved TD.

Bristol, out-first downed, 15-3, made only one bona fide threat. Eddie Conca, guarding the right flat, short-circuited a Bensalem lateral near the Warrior goal line in the third round and sped 80 yards to the Bensalem 15. Larry Cohen ran for three to the 12, but then passed into Sciolli's fists to end the threat.

Owl's Dipsey-Do
The Owls pulled all stops. They pitched 24 times for 14 completions and uncorked half-dozen lateral plays. They parted Bristol's right side almost at will on the blocking of Smith, Bristol and Heaney and skirted the wings to good advantage. Schurr, Harvey, Crowthers, who passed Delhaas into submission five days before, and the six-five Frantz took turns throwing holes through Bristol's air defense.

Defensively, converted halfback Al Brown, now a guard, gouged through the hefty Warrior fence to lead an aroused Owl line that assessed Bristol backs for lost

points.

Comets Win Fifth, Top Bristol, 22-0

The Croydon Comets registered their fifth straight victory in an unbeaten season Saturday when they defeated the Bristol midgets, 22-0, in Croydon.

Bill Gray scored on a 25-yard end run and an intercepted pass to lead the Comets. Bill McNutt went 35 yards for another touchdown and Bob Orr stopped a visiting back in the end zone for a safety.

Westinghouse
Cuts TV Prices
On '54 Line

Competitors of Westinghouse Electric Co., inflamed over the recent price slashes on television sets by the giant corporation, are standing pat so far.

Initial reactions indicate that there will be no immediate stampede to follow suit, although a few are "exploring" the situation.

Westinghouse, early in the week, reduced list prices on three TV sets, plus the blond counterparts. These will be advertised extensively across the country.

ELIZABETH WOODWARD SAYS:

A Three-Cent Stamp Will Bring Data

"DEAR MISS WOODWARD: I'm a senior in high school and I'd like very much to be an airline hostess. Will you please give me some information on the necessary requirements?"

I'm a great believer in going straight to headquarters for such information. Write a letter to some of the major air lines and ask them what you have to do, be and know in order to qualify for a hostess' job with their company. They'll undoubtedly send you full information, then you'll be able to compare your notes and plot your course.

Friends Abroad

"DEAR MISS WOODWARD: Some time ago you gave the address of the International Friendship League in your column. I wrote to the League and received the name of a girl in Scotland to whom I am enjoying writing very much. I'd like to write for another name but I have mislaid your article that gave the address. Would you please print it again?"

With pleasure. International Friendship League, 40 Mount Vernon Street, Boston 8, Mass.

All you have to do is get an exciting correspondence started with a young somebody in any one of about 72 different countries is to write to the League and ask for a name. It would be a good idea to tell something about yourself, your age, your preferences, and enclose a self-addressed stamped envelope.

Young people all over the world are eager to have a "friend" in the United States to whom they can write. They want to know how we live, what we do for fun, what we study, how we feel about things, what we think. Writing about your

activities, your experiences and adventures makes letters interesting and easy. And your replies will come back in English! So make yourself a new friend in a foreign land. Your letters will do it.

It Upset the Works

"DEAR MISS WOODWARD: I'd been going pretty steadily with Dick and I told him how I cared about him. Later I found out I wasn't sure. So I wrote him a letter and told him so. Now he's mad because I sent the letter through the mail, and though I have apologized he doesn't come around.

I care a lot about him so how can I patch things up?"

It wasn't so much sending the letter through the mail, as sending the letter at all that upset Dick. That letter, voicing your doubts about him, was a tangible thing for him to cope with. What made you write it? What was behind it? What else didn't you say? Those are all questions Dick asked himself while he held your letter in his hand.

Some letters are better not written. Once put on paper, you can't take back your words, change your mind, or control the impression they make. Your letter upset the works. If you can convince Dick to forget all about it, you may get things patched.

ANDALUSIA PTA HOLDS OPEN HOUSE TODAY

The Andalusia PTA will hold an open house at its regular monthly meeting tonight. The group will meet at 7:30 o'clock at the Andalusia Elementary School. Parents will have an opportunity to talk with teachers, see samples of their children's work and visit the classrooms.

DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
I S L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

Saturday's Cryptoquote—O THAT MEN SHOULD PUT AN ENEMY IN THEIR MOUTHS, TO STEAL AWAY THEIR BRAINS.—SHAKESPEARE

I LOVE LUCY

MUGGS AND SKEETER

Your Birthday by STELLA

MONDAY, NOVEMBER 16—Born today, you are definitely a leader in the realm of ideas and no doubt will instigate important changes which will live long after you.

Literary, scientific and greatly interested in metaphysics, you are likely to decide on your career in early youth; stick to it conscientiously; and hence make an important success of it at an early age. You have a good head for business matters and will never be bested in any contract which can benefit you financially.

Patience and perseverance are two qualities which you have in abundance and you also have good common sense as well as excellent judgement when it comes to making important decision. Your high sense of honor and your feeling for the universal sense of things makes you a good person to have around in a crisis.

You are highly idealistic when it comes to love and romance. Although you are very popular with members of the opposite sex, you are inclined to be a little "choosey" when it comes to making close friends. Learn to be a little more frank with yourself when it comes to admitting your love, or you may miss out on the romance of your lifetime and stay single. You are not one to accept "second choice."

To find what the stars have in store for tomorrow, select your birthday star and read the corresponding paragraph. Let your birth day star be your daily guide.

TUESDAY, November 17

SCORPIO (Oct. 24-Nov. 22) — Next week should be better than now for planning or executing an important project in progress.

SAGITTARIUS (Nov. 23-Dec. 22) — Emotions and good judgment seldom mix. Don't try it, now. You will be disappointed in the results.

CAPRICORN (Dec. 23-Jan. 20) — Intellectual and cultural pursuits are well advanced at this time. Listen to some good music.

AQUARIUS (Jan. 21-Feb. 18) — Don't let down in your efforts to reach success. If others are lazy, don't follow them.

PISCES (Feb. 19-Mar. 20) — Inspiration calls for good honest perspiration to put your new ideas into practical operation.

ARIES (Mar. 21-Apr. 19) — This is the right time to show your true initiative, think up something new and develop it right away.

TAURUS (Apr. 20-May 18) — If you can encourage someone who is in serious trouble to set a definite objective, now is the time to do it.

GEMINI (May 19-June 21) — You can accomplish great deeds today if you will stick conscientiously to a rigid schedule.

CANCER (June 22-July 23) — There are excellent vibrations both at home and at the office. Take full advantage of opportunities.

LEO (July 24-Aug. 23) — If you do a difficult job early this morning, the rest of the day takes care of itself.

VIRGO (Aug. 24-Sept. 22) — Worrying over things you can do nothing about is just a waste of energy. Solve one problem at a time.

LIBRA (Sept. 23-Oct. 22) — You can have a pleasant discussion with friends who have similar interests. Learn something.

Attorney Assails State Crime Code As 'Hodge Podge'

HARRISBURG—(INS) — Pennsylvania's criminal code was characterized today as a hodge-podge of laws which make killing a horse a misdemeanor and stealing the same animal a felony.

The charge was made by Philadelphia attorney Herman I. Pollock.

He said the blame rests with the legislature in failing to react to public opinion with a modernization of criminal laws which will reflect current ideals of justice.

Pollock praised the commonwealth's penal reform, but said nothing has been done to bring up to date laws dealing with justice from the time a crime is committed until the guilty person goes to prison.

The report on criminal laws was made to the Pennsylvania Citizens Association.

Penn State Given Book Collection On Renaissance

STATE COLLEGE, Pa.—A valuable collection of books and other items pertaining to the Renaissance has been presented to the library at the Pennsylvania State College by Roy L. Bovard, of London, Ont., Canada, a 1907 graduate.

In addition to the nearly 500 volumes presented, Mr. Bovard has provided for the purchase of a number of special items pertaining to the same field and these also will become a part of the R. L. Bovard Renaissance Collection.

In making the presentation, Bovard, who was formerly from Tioga, Pa., explained that when he enrolled at Penn State as a freshman in electrical engineering, "the college was not noted for its culture, but as a technical college."

Truman Readies Speech; He Calls Talk 'Momentous'

Denies It Will Have Political Flavor; Listed for 11 P. M.

KANSAS CITY, Mo. — (INS) — Former President Harry S. Truman considers tonight's speech defending himself against charges that he promoted Harry Dexter White one of the most momentous addressed of his career.

Attorney General Herbert Brownell charged White, an alleged Red spy, was promoted in spite of an adverse FBI report.

Truman worked late into the night polishing the 30-minute speech which he will deliver to a nation-wide television and radio audience from Kansas City. His talk is scheduled for 11 p. m. EST and will be carried by the major networks.

Calls It Non-Political

In face of a widespread belief that the Truman speech will be a lip-snorting, campaign-type retort, which would provide additional fuel to the stiff skirmish now being engaged in by the Republican and Democratic parties, the former President insisted today his talk would not be "political."

He was reported as confident, too, that he was not giving Brownell an advantage by speaking the night before the attorney general is scheduled to repeat and perhaps amplify his charges before the Senate Internal Security sub-committee, headed by Senator William E. Jenner (R) Indiana.

Appears Chipper

Truman would not even hint at the position he will take tonight beyond promising to "tell all."

At the little red-brick railroad station in Independence, Mo., Sunday he appeared chipper and confident as he returned home from New York City. But newsmen detected a note of extreme seriousness about him, too.

"This is a big job," he said reflectively of his speech. He added he would "make a few changes" in his address and promised mimeographed text would be in the hands of reporters by noon.

The former president is not expected to confine his remarks to the White case. The attorney general specifically accused him of promoting the one-time treasury aide to the International Monetary Fund in the face of the adverse report from J. Edgar Hoover's office.

The couple traveled continuously 'til May 5, 1943, when David went into the Maritime Service. He was sent first to Sheephead Bay, N. Y., and then to the Marine Hospital in Detroit, Mich., where he was trained as a combination Purser and Pharmacist's Mate. On completing training he sailed for Esso Standard Oil of N. J. on oil tankers, shipping supplies and fuel oil to Pacific, North Atlantic, and South American bases.

When he returned, often for only twenty-four hours, Ginny used to meet him at the docks with a delegation of officers' wives. The wives were able to go on board ship with their husbands. These short visits were the bright spots in the two and a half years Ginny spent marking time while David was in the service. He received his release on Nov. 25, 1945.

Returns From Sea

When David returned from the sea for good, a family crisis arose. Ginny had had rheumatic fever as a child, and she then suffered her second bout with it. Those were worrisome days, but with David's devoted care and complete bed rest, she came through and after their daughter Pamela was born in 1948, Virginia's heart returned to its normal size.

Upon Virginia's recovery the family was once again on the move, but it was hard to find a place to hang their hats. They lived in rooms for awhile in Allentown until they were able to find

Travelling Family Settles Down; Picks L'Town Permanent Home

By Barbara A. Zanner

To Virginia Price, President of the Levittown Women's Club, her home at 416 Pinewood drive is the fulfillment of a dream she shared for 11 years with her husband, W. David Price.

The Price family moved to Levittown in the fall of 1952, before then they had no permanent home because David's work necessitated moving to upstate Pennsylvania and back every few months.

Virginia was born in Honesdale, Pa., but moved at the age of five to Scranton where she grew up. Her father, Noble Howarth, is a Station Agent and Telegrapher for the Delaware and Hudson Railroad and is the GOP Chairman in Scranton.

In 1938 the family moved to Avoca, Pa., and it was there that she met her future husband. He was travelling then as a Merchant for Melrose Distillers, working on advertising and display.

Couple Elopement

On Easter Monday, 1942, which was April that year, the couple eloped. They hadn't wanted a large wedding, so they just took off, making it a family affair when they picked up Ginny's sister and brother-in-law to stand up for them.

Delegates from Bucks County were Robert Goulding of Irwin and Herbert Huntsberger of Dublin. Alternates were Watson W. Wright of Eddington and Rudolph Oberholzer of Trevose Heights.

Other officers elected were: President, Irvin A. Reist of Lehigh County; first vice-president, Dana Porter of Cumberland County; secretary, Carl W. Fenninger of York County; financial secretary, Leon Wright of Delaware County; treasurer, L. Thomas Raab of Berks County; chaplain, Rev. Harry E. Fehl, Jr. of York County; delegates to state firemen's association, Homer King of Montgomery County; alternate, Ralph Fry, Lancaster; coordinator, Harry E. Thomas, Lancaster.

The regular meeting of the Fidelis Circle of the Methodist Church of Morrisville will be held Wednesday in the George K. Ryan Hall.

Members have been asked to bring old Christmas cards to be used for scrapbooks for hospitalized children.

Refreshments will be served by Mrs. Margaretta Michel, Mrs. Frances Paxson and Dorothy Roberts. Mrs. Sylvia Neumann will be in charge of the devotions.

Gov. Fine Urges Observance of Church Month

HARRISBURG — Gov. John S. Fine today urged Pennsylvanians to observe November as "go to church month."

The month of November has been set aside by the Committee on Religion in American Life as a time to strengthen our religious forces by increasing the influence of religion in personal and community life," the governor said.

"Pennsylvania was founded on the doctrine of religious freedom.

It has long been a land of churches.

In the course of its history, the Commonwealth has fostered the development of more than 100 religious movements and today Pennsylvania has more churches than any other State in the Union. This is a heritage in which we, as Pennsylvanians, take an ever deepening pride.

"Everywhere there is evidence of the long standing influence which the many great denominations have exerted toward the religious and spiritual development of our Commonwealth.

"I urge every Pennsylvanian to

attend his chosen house of worship throughout the month of November and the months and years to come that religion may become re-established as a ruling force in America life."

Housewife, Spare that Tree!

Fire companies in the area are now selling a device that will not only "spare that Christmas tree," but which will also prevent possible tragedy in your home.

Called a "Fire Ball," the tree fire extinguisher looks like an ordinary tree decoration; but there's more to it than that. Fastened to the tree, it is in a position to stop fires before they have a chance to reach dangerous proportions.

The "Fire Ball" has a spring-loaded device that breaks when fires start. This releases a special chemical liquid. The liquid snuffs the fire out.

Hello, Central:

Possibilities of installing a Central Police Radio system in Lower Bucks County are being discussed. The formation of the cooperative-radio system is not now permitted by law as a county action — though laws can always be changed. Such a system can also be installed by joint action of municipalities — such as is now done in our joint school districts — or by consolidation.

A Good Case:

Being a bachelor is a hazardous affair in itself, so we're told, but being a bachelor and living in one of the area boarding houses presents additional problems.

The particular bachelor who told us this heart rending story recently was on his way out to buy a triple, super-duper, four-ton lock for the door of his room, and we think he's justified.

Family Settles

Shortly after the family was settled, Mrs. Price became acquainted with Mrs. Cleo Watts of THE BRISTOL COURIER, who asked her if she was interested in club work. Replying in the affirmative, Mrs. Watts explained to Virginia that she was getting together a group of women to start a Women's Club in Levittown.

Ginny met with nineteen other women in November of 1952 to form the club in Tullytown School. She was one of the four chosen to serve on a temporary steering committee. The following month she was nominated and elected to serve as the temporary Vice-President of the organization.

In April of 1953 the Club was chartered by the Federation of Women's Clubs and a regular election was held. Virginia Price became the first Vice-President, and stepped up to the Presidency when the former President, Jenny Davis, moved from Levittown.

She finds her work in the Women's Club interesting, and feels that through its good works she can serve the community.

Refreshments will be served by Mrs. Margaretta Michel, Mrs. Frances Paxson and Dorothy Roberts. Mrs. Sylvia Neumann will be in charge of the devotions.

"The Prices enjoy their long-awaited home and have made it individually theirs. Their rich mahogany period furniture is complemented by their living room walls which they painted a vivid rose. Turquoise draperies and the fireplace painted white, complete the picture. And in the middle of it all, one happy little girl, Pamela, who has her yard and her friends at home.

Here 'n' There:

U. G. Cirilli, of Bristol, recently celebrated 29 years with Rohm and Haas. N. E. Davis, of Bristol, topped him by two years, though. And such relative new-comers as Clarence Feaster, Fred Leedom, Henry Killian and G. S. Ahle, all of Bristol, shamefacedly confess to working at R. H. for measly 27 years . . . According to latest figures, 38 homes a day are built in Levittown. This will continue until Jan. 1, when cold weather will slow up construction — only 26 a day will be put up then. On March 1, the old schedule of 38 a day will be resumed.

The last we saw of the completely-shaken bachelor he was muttering wildly, "HOW did she know it was locked . . ."

She looked and looked with him, but neither had any luck. Finally, the landlady said brightly and helpfully, "Have you thought of looking in your locked, brown suitcase?"

"Even at this tragic moment, when DuPre has been unmasked, the neighbors who remember him as a "nice guy" and the wife who warned him again and again not to tell his make-believe adventures rallied to his defense.

"I guess the story just got bigger than I was," he said today. "I told it, and then I told it again, always adding a little and always making it a little better."

"A man can't do much without faith and I wanted to prove, especially to the young, that a man with faith can endure everything, even death."

"He didn't need to be a hero," his wife, Muriel, said. "I was quite satisfied with him the way he was."

Many theories about "The Man Who Wouldn't Talk" have been circulating in Calgary. From a prominent church leader came one opinion of DuPre's "message of faith."

"I think," he said, "one corner of DuPre's mind stayed like a young boy's and you know how they like to tell tall stories."
